

ONEIDA NATION ENERGY TEAM

What is your Opinion about Solar?

We want to know what the Oneida Nation Community wants to see when it comes to solar projects in the Community. How big or small do you think will work? How should batteries be used? What's your idea to attract younger generations to the skilled trades (electricians, plumbers, heating technicians)? This survey is open from May 13 to June 30, 2025. Contact: Mike Troge, mtroge@oneidanation.org, 920-869-4571.
