

Summer Paddling Adventures

Oneida Adventures is excited to offer some great summer kayaking adventures! Join our skilled guides in navigating our local bodies of water. These locations will be determined based on the weather conditions and other factors. We will be offering recreational kayaking opportunities with no experience needed. An on shore tutorial will happen prior to us getting on the water. All paddling equipment will be provided by the adventures department. Evening paddling programs begin at 4:30pm and conclude at around 7:30pm. Day program times are as determined below.

You MUST pre register to participate After registering, you will receive an informative email with details just prior to the event.

Pre register by emailing Adventure_dept@oneidanation.org
