

CIP #21-105 - Orchard Buildings

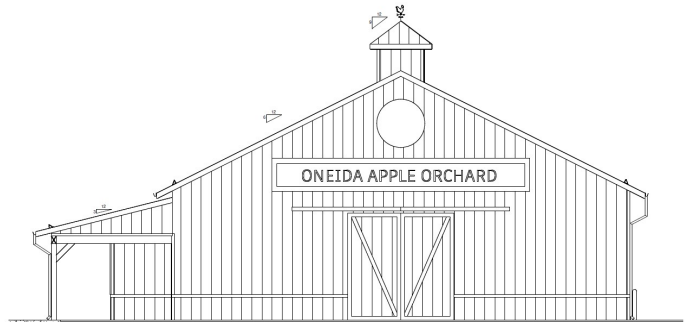

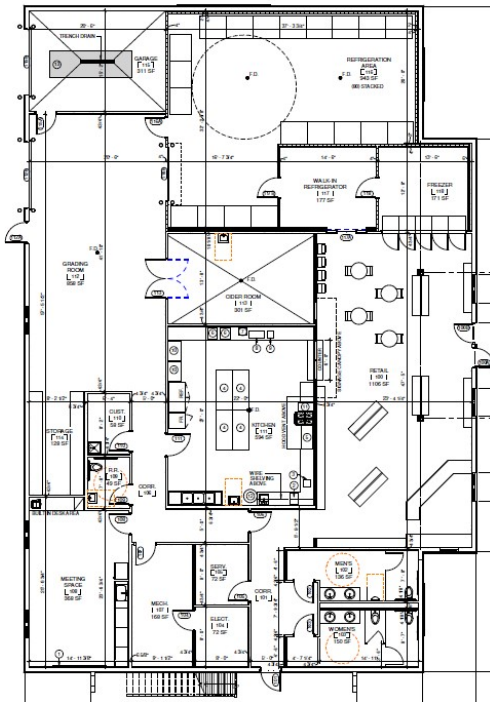

Project Description:

The purpose of this project is to construct an updated, new retail store for the Orchard Enterprise that can adequately house the various produce and retail operations for the community. The Retail facility is proposed to be developed on a new property, adjacent to the south-eastern side of the Orchard. In addition, this project will look to replace existing storage buildings with an updated machine warehouse and office space to house the facility equipment. The storage building will be constructed on the current site.

Per OBC Resolution #04-08-20-K, the Engineering Department will be contracting with Mission Support Services, LLC for Design-Build services.

Current Status:

The project team is evaluating an alternative building location that may be more viable for operations. The project team is continuing to discuss this revision and related scope/ financial impacts.

Schedule:

Approvals - Complete
Bidding- Re-evaluating
Design - On Hold Status
Construction - TBD
