

Dear Oneida Sportsman,

Enclosed you will find your 2025-2026 Oneida Sportsman license (**MUST** be signed and in your possession while hunting), registration & notice information, carcass tags, and the season dates.

The 2025-2026 Season Dates are provided with this letter and the Hunting Regulations are attached. A regulation book will not be mailed instead can be found on the Oneida Nation website at: <https://oneida-nation.gov/resources/environmental/hunting-and-fishing/#Oneida-Hunting-amp-Fishing-Regulations> Chapter 406 Hunting Fishing and Trapping. You may also monitor our Facebook page, for additional information or updates: Oneida Environmental, Health, Safety, Land, and Agriculture Division.

**Designated Hunters:**

Designated deer hunters may only hunt for one elder and take antlerless deer only. The designated hunter must be registered with the department, to be able to harvest an antlerless deer.

**Registration**

Phone registration (920) 869-6500 or e-mail [Conservation\\_Department@Oneidanation.org](mailto:Conservation_Department@Oneidanation.org).

**Please provide the following information**

**Deer Registration information:**

Name: (If you are a Designated Hunter, you need to provide your name and the name of the Elder/Disabled Sportsman)

Carcass Tag #:

Antlerless: Mature Doe/Doe Fawn/Buck Fawn

Mature Buck: Number of Antler points:

Date of Harvest:

County: Brown or Outagamie

Your registration confirmation number is your Carcass Tag number, upon notifying the Department of your harvest.

**Goose Registration information:**

Name:

Number of geese:

Date of Harvest

County: Brown or Outagamie

Once you have registered 5 geese, please specify if you would like to receive five (5) additional Goose Tags.

**Turkey (Spring) Registration Information:**

Name:

Carcass Tag#.

Date of Harvest

County: Brown or Outagamie

Thank you for your cooperation. If you have any questions, please contact any of the following:

Conservation Office  
(920) 869-6500

Senior Warden  
(920) 562-5704

**\*\*NOTICE\*\***

During the 2025-2026 season(s) there had been numerous complaints regarding individuals driving on property for a variety of activities, this includes, hunting on lands owned by the Nation.

Please be mindful, that NOT all the fields and/or properties, particularly agricultural fields, are void of crops or established plantings. The Oneida Nation has several agricultural fields being utilized by the Oneida Nation Farm (ONF), Tsyunhehkwa Farm (TSY Farm), and private tenants leasing agricultural property. The ONF, TSY Farm, and Ag tenants are conducting a common practice of planting cover crops during the cool/cold season months. This can entail seeding or established plant growth prior to the snow cover, and traffic on or during this time can negatively impact the cover crop. The Nation also has numerous properties that have restoration effort designations or protection guidelines with specific agencies, which call for restrictions on land uses. To ensure that these requirements are being met, individuals conducting these illegal activities (example: driving across fields, driving off established lanes, etc.) will be cited for any/all violation(s) that occur on these lands.

**Violation**

52. Damaging property, Agricultural Crops, or Restoration Areas.

**Sanction**

1<sup>st</sup> violation - \$300.00 fine and loss of license for one (1) year, Total damage assessment costs.

2<sup>nd</sup> violation - \$600.00 fine and loss of license for Two (2) year, Total damage assessment costs.

Questions regarding permission to access a property:

*Oneida Nation Farm*	(920) 833-7952
*Division of Land Management*	(920) 869-6500
*Tsyunhehkwa Farm*	(920) 370-3151

This notification is being provided and ALL agricultural tenants/lease holders, along with the ONF and TSY Farm. Staff are being informed to contact the Oneida Conservation Department or the Oneida Police Department to report any/all illegal activities.

The Nation has established contracts with numerous tenants/lease holders and other agencies, as well as the efforts of both the ONF and TSY Farm, for the use of the land. The Nation wants to ensure that no activities conducted on agricultural, or any tribally owned lands are jeopardizing these lease agreements or damaging lands under specific contracts. The purpose of this notification and enforcement action is to maintain our long-term relationships to our community, respect current agricultural lease/land agreements, and protect the Nation's obligations. Your cooperation and assistance are a benefit to not only the land, but everyone involved in the utilization of the land.

We are asking everyone to use the proper judgement, obtain permission, and utilize established laneways to access tribal property.

Yaw^ko
