Register

In Libby, click on “Add Library” to get started finding your library and sign in with your InfoSoup library card.

When adding your library, search for the “Oneida” or “Green Earth”. They will be under the Wisconsin Public Library Consortium.

Wisconsin Public Library Consortium
Infosoup – Green Earth
W1273 Redtail Dr
De Pere, Wisconsin, USA

Wisconsin Public Library Consortium
Infosoup – Oneida
201 Elm St.
Oneida, Wisconsin, USA

When prompted, type in your Card Number. This will be the number on the back of your infosoup library card. Then, type in your PIN number. If you haven't changed it, it should be your birthdate, typed as MMDDYY.

This should change your home page to say, "Wisconsin's Digital Library." This means you are all signed in and ready to borrow.

Borrow Books

Your selection will vary based on your library, since each library chooses what titles and formats to offer in Libby. Click the Search icon (🔍) and type what you're looking for in the Search Bar to see if your library has it.

Click "Place Hold" or "Borrow" when you've found what you want. There will be a second "Place Hold" or "Borrow" question. This is Libby's way of asking, "Are you sure?"

Borrowed titles appear on your Shelf. You'll also find your magazine subscriptions and kept magazine issues on the Magazine Rack on your Shelf.
