

CIP #21-105 - Orchard Buildings

Project Description:

The purpose of this project is to construct an updated, new retail store for the Orchard Enterprise that can adequately house the various produce and retail operations for the community. The Retail facility is proposed to be developed north of current operations.

Per OBC Resolution #04-08-20-K, the Engineering Department will be contracting with Mission Support Services, LLC for Design-Build services.

Current Status:

- ◊ Continuing with design meetings as required.
- ◊ Evaluating kitchen equipment with client and various vendors.
- ◊ Reviewing Site Utilities
