### ELDER PROTECTION LAW

The purpose of the Elder Protection law is to uphold the Nation's responsibility to honor and protect its elders. This law establishes a process to safeguard elders from harm, including abuse, neglect, self-neglect, and exploitation.

#### The Elder Protection law will:

- ◇ Establish a comprehensive framework to prevent, identify, report, investigate, and re-pond to elder abuse, neglect, self-neglect, and financial exploitation.
- ◇ Establish an Interdisciplinary Team composed of multiple Nation departments to coor-dinate case review, guide investigations, recommend actions, promote cooperation, and identify resources.
- ◇ Create a duty to report by requiring any person with knowledge or reasonable suspicion of abuse, neglect, self-neglect, or exploitation of an elder to report immediately to Ag-ing & Disability Services or the Oneida Police Department.
- ◇ Protect confidentiality and records. Departmental report forms and investigative records are confidential and may only be disclosed under limited circumstances, such as to the elder, suspect, service providers, law enforcement, auditors, and through court order.
- ◇ Create a broad class of mandated reporters, including family, caretakers, elected offi-cials, employees, healthcare workers, mental health professionals, social workers, law enforcement, judicial staff, and fiduciaries.
- ◇ Establish civil penalties:
  - A mandated reporter who fails to report may be fined up to \$2,000.
  - Anyone who knowingly files a false report may be fined up to \$2,000.
  - Anyone who interferes with an investigation or retaliates against a reporter may be fined up to \$2,000 per occurrence.
- ◇ Provide investigation procedures requirements including that they must begin promptly and include required steps such as:
  - Visiting the elder's residence; Observing the elder; Conducting interviews; Review-ing healthcare and financial records; Interviewing guardians/ caregivers; Requesting law-enforcement assistance; and offering or arranging needed services.
