Subject: WIS 54 Bridge Deck Overlay and Roadway Resurfacing

PROJECT ID:	9210-20-00/71	PROJECT ID:	9210-21-00/71
TITLE:	Oneida – Green Bay	TITLE:	Seymour – Green Bay
LIMITS:	Duck Creek Bridge B-05-0392	LIMITS:	County J – WIS 172
HIGHWAY:	WIS 54	HIGHWAY:	WIS 54
COUNTY:	Brown County	COUNTY:	Brown County

Please join the Wisconsin Department of Transportation (WisDOT) Northeast Region for a live, online public involvement meeting (PIM) to discuss improvements on WIS 54 in Oneida Nation and the Village of Hobart, Brown and Outagamie Counties. The meeting will be held at 5 p.m., Tuesday, September 22, 2026, via Microsoft Teams. The objective of this meeting is to review the purpose and need for improvements, coordinate with local units of government, obtain comments and feedback on the proposed design, and discuss upcoming public involvement and outreach.

Project staff will share maps, displays, and exhibits via a live presentation. A comment, question, and answer period will follow the live presentation. You can also listen to the project presentation via audio-only if you prefer. To join the meeting:

Live, Online Public Involvement Meeting

- **Tuesday, September 22, 2026, at 5 p.m.**
- **For full video and audio:** Access the meeting via computer or mobile device by going to the WisDOT/Green Bay WIS 32 & WIS 54 Intersection Safety Improvements Project website and click the "Go to Meeting" link at the time of the meeting.
- WisDOT WIS 54 Bridge Deck Overlay and Roadway Resurfacing:
<https://projects.hub.wisconsindot.gov/pages/92102000>
- **For audio-only:** Call into the meeting via phone. You will hear the presentation and be able to ask questions.
 - Conference Call Number: (608) 571-2209, Phone Conference ID: 911 651 92#

The purpose of these projects is to extend the service lives of the bridge and roadway and to improve their ride quality. Construction for WIS 54 is currently scheduled for 2028. Proposed improvements will include an asphaltic resurfacing the roadway between County J and WIS 172, including the two roundabouts, and applying a concrete bridge deck overlay to the Duck Creek Bridge.

Anticipated traffic impacts include:

- Short-term full closures at the roundabouts during their resurfacing
- Single lane closures, single lane / two-way operation with flagging during the resurfacing of WIS 54 between the roundabouts
- Single lane closures, two lane operation with lanes shifted onto the shoulder during the bridge deck overlay.

We have developed a project website with detailed proposed improvements, traffic impacts, maps, exhibits, and information for businesses in the work zone that will be presented at the meeting. There are various methods to provide project comments on the website. Please provide comments through the website or in the attached prepaid comment form.

If you have any additional questions regarding the meeting, please feel free to contact me at (920) 492-5630 or by email at jesse.hansen@dot.wi.gov.

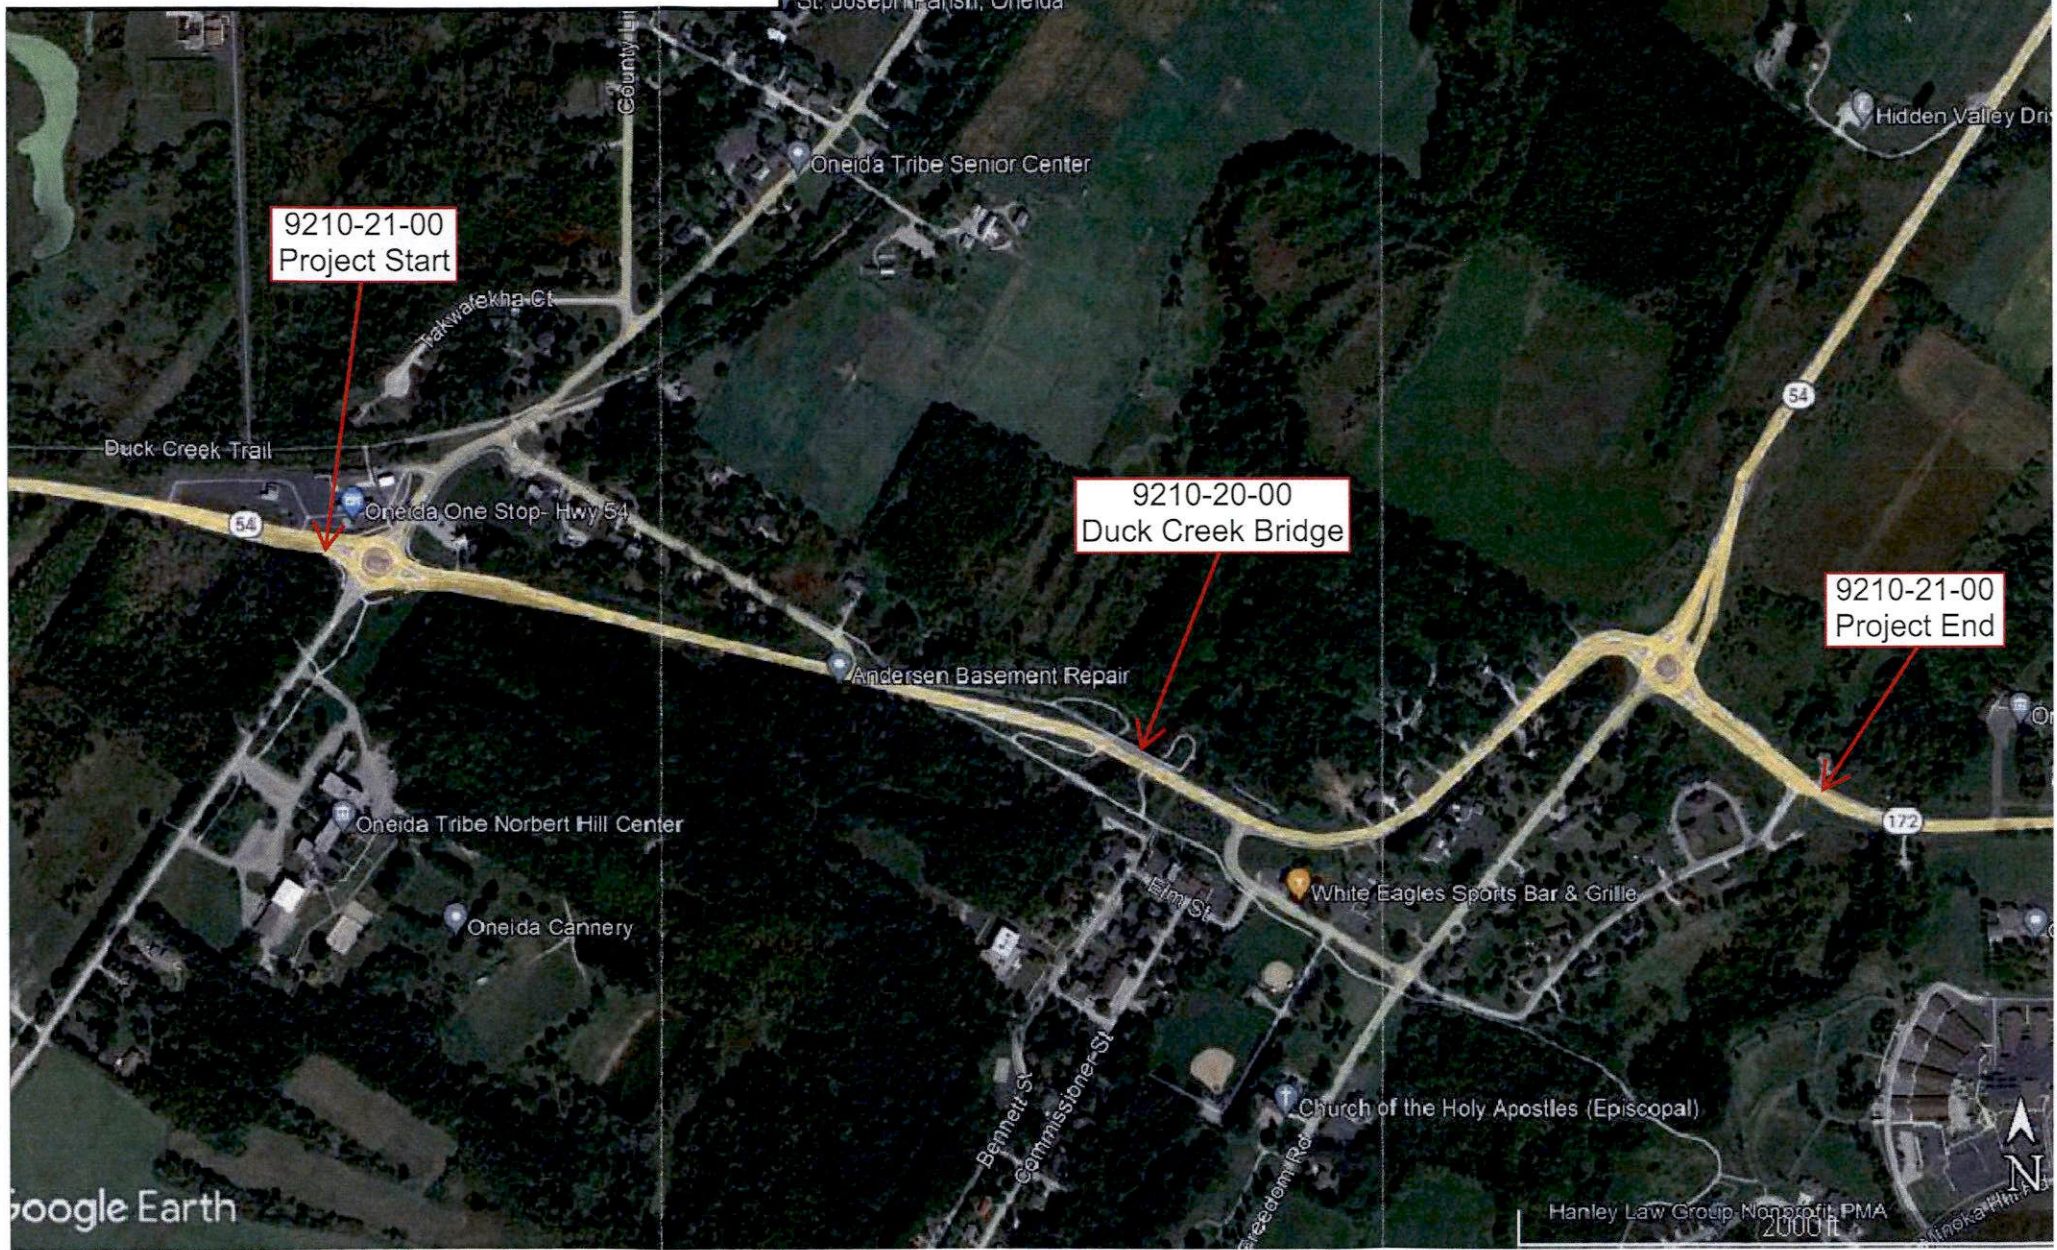

Sincerely,

Jesse Hansen

Jesse Hansen, P.E.
